in germany clinical social work is a relatively new sub discipline of social work the article provides an overview of the development and current state of theories and paradigms of clinical social work as well as of education practice and research in germany furthermore central fields of practice and specific client groups are dealt with the case study of an eleven year old girl and her family illustrates psychosocial diagnostics and interventions of clinical social work in a family counselling centre finally future developments and challenges in clinical social work in germany are presented

today s clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago and an ever widening domain of responsibility to overcome them theory and practice in clinical social work is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods models and techniques for responding to the needs of an increasingly

diverse clientele following an overview of the principal frameworks for clinical practice including systems theory behavioral and cognitive theories psychoanalytic theory and neurobiological theory the book goes on to present the major social crises problems and new populations the social work clinician confronts each day theory and practice in clinical social work includes 29 original chapters many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations collectively these leading authors have treated nearly every conceivable clinical population in virtually every practice context using a full array of treatment approaches and modalities included in this volume are chapters on practice with adults and children clinical social work with adolescents family therapy and children s treatment groups other chapters focus on social work with communities affected by disasters and terrorism clinical case management cross cultural clinical practice psychopharmacology practice with older adults and mourning and loss the extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike

professional social work education and health care responds to critical concerns about the educational preparation of social workers within the rapidly changing health care environment contributors address issues and questions of importance to educators who are contending with the multiple challenges of rapidly changing institutions fiscal constraints and service to populations with complex social health care needs this coverage provides you with important visions of the future education of leaders in health care social work the editors of professional social work education and health care present information that looks to the future in order to open the floor for communication among the leaders in health care social work settings chapters explain the context of social work practice explore current social work practice issues and look into continuing education and fieldwork in doing so they give you valuable information about important issues such as changes in

social work department structure and function in challenging economic times collaborative efforts and reciprocal relationships in education and training emergence of networks that will join forces with hospitals preparation for short term solution based social work the remaining need for traditional long term social work frameworks and values the shift in ideology to viewing clients as consumers rather than patients modification of curriculum to focus on parenting health education adolescent pregnancy prevention and wellness programs emergence of a model for post master s education field work in community based health care placements versus inpatient hospital settings this book s model for making education and practice responsive to each other and for responding to the needs for collaboration makes it a valuable resource for social work educators practitioners and clinicians in health and mental health advanced gerontologists in academic and practice agencies and teachers of policy and research in health concentrations in schools of social work professional social work education and health care is an excellent ancillary text for advanced undergraduate and graduate courses in social work practice in health and mental health and is a strong addition to reading lists for classes on social work with the aged social work research in health care and field work seminars in health and mental health

to celebrate the 35th anniversary of the seminal text radical social work 1975 this volume has been compiled to explore the radical tradition within social work and assess its legacy relevance and prospects it is essential reading for undergraduate and postgraduates studying social work as well as social work academics and researchers

this is the first book to focus on the scope of social work practice within military settings from an international perspective and therefore addresses what has been a significant gap in the literature given the critical support needs of military personnel and their families worldwide and the expanding role of social work in responding to these needs this book offers a

comprehensive global understanding of the common military social work milsw practices with active duty military service members and their families as well as the forms of practice and approaches that are unique or potentially transferable across nations based on a systematic inquiry conducted by the editors there are at least 25 countries that have social workers working directly within their country's military in either a civilian or uniformed capacity or both this book includes contributions from experts in australia canada denmark finland ireland israel the netherlands new zealand south africa the uk and the usa who describe various aspects of the milsw role within their country and the research that informs what military social workers do the milsw similarities and differences among these countries are highlighted including developmental milestones practice settings practice orientation and approach ethical dilemmas military to veteran transition support and past and current challenges experts from countries that do not yet have milsw but are interested in developing it japan ukraine or are in the process of establishing this area of practice slovakia also contribute chapters about these developments and the evidence base that supports this direction military social work around the globe is a valuable resource for social work programs and essential reading for instructors and students in milsw electives and specializations it is also pertinent reading for occupational social work and international social work courses in addition this book is an important source of information for military social workers who would like to gain insights into existing programs and the possibilities for international collaboration and for countries interested in developing milsw

social change and social work discusses and examines how social work is challenged by social political and economic tendencies going on in current societies the authors ask how social work as a discipline and practice is encountering global and local transformations divided into three parts topics covered include the changing social work mandate throughout history social work paradigms and theoretical considerations phenomenological social work practice research and gender

and generational research taken together the chapters in this anthology provide an authoritative and up to date overview of current discussions within the european social work research community

click on the supplements tab above for further details on the different versions of spss programs the canonical handbook is completely updated with more student friendly features the handbook of social work research methods is a cutting edge volume that covers all the major topics that are relevant for social work research methods edited by bruce thyer and containing contributions by leading authorities this handbook covers both qualitative and quantitative approaches as well as a section that delves into more general issues such as evidence based practice ethics gender ethnicity international issues integrating both approaches and applying for grants new to this edition more content on qualitative methods and mixed methods more coverage of evidence based practice more support to help students effectively use the internet a companion site at sagepub.com/thyerhdbk2e containing a test bank and powerpoint slides for instructors and relevant sage journal articles for students this handbook serves as a primary text in the methods courses in msw programs and doctoral level programs it can also be used as a reference and research design tool for anyone doing scholarly research in social work or human services

this is the first book ever to be published on arts use in social work bringing together theoretical connections between arts and social work and with practice examples of arts in micro and macro social work practice from around the world the book aims to inspire the reader with new ideas it provides specific skills defines what is social rather than fine or projective art use and explains the theoretical connection between art and social work it has chapters from all over the world showing how arts are adjusted to different cultural contexts section i explores the theoretical connections between art and social work

including theories of resilience empowerment inclusion and creativity as they relate to art use in social work section ii describes specific interventions with different populations each chapter also summarizes the skills and hands on knowledge needed for social workers to use the practical elements of using arts for social workers not trained in these fields the third section does the same for arts use in community work and as social change and policy using art in social work practice provides theoretical but also hands on knowledge about using arts in social work it extends the fields of both social work and arts therapy and serves as a key resource for students academics and practitioners interested in gaining the theoretical understanding and specific skills for using social arts in social work and for arts therapists interested in using social theories

the publication takes account of the fundamental developments transforming social work in europe at the beginning of the 21st century a european standard of social work has already emerged but models for future european social work are absent therefore the compendium gives an overview of the current transformation process for the first time discusses the visible and invisible changes and maps out where social work is positioned in the emerging post welfare states

this text focuses upon an array of key concepts historically associated with the activities of the helping professions but including thematic explorations of poverty inequality user perspectives and of the essential components of the helping relationship such as empathy compassion and conviction
